Open Hours	Flexible
Asking Price	£12,500 plus s.a.v. We can help arrange finance available subject to status if needed.

We are delighted to be able to offer this newly established 4x4 Vehicle Hire Franchise with the exclusive rights to the whole of Cumbria.

The business is part of a fast growing network around the UK and Ireland and offers a niche vehicle hire business that specialises on 4x4's including Range Rover and Land Rover.

This franchise is for sale shortly after being launched due to an unforeseen change in the owners circumstances and now needs an owner who lives within Cumbria to pick it up and run with it.

The business format is based around a boutique sized business that can be run from a home base with only a couple of vehicles or run as a more traditional hire business from premises.

Clients include business people, tourists, and those who are planning a wedding or taking part in outdoor pursuits or sports.

This flyer is designed to give you basic information about the business.

To receive more detailed information and all available facts and figures please get in touch today quoting 4x4 Vehicle Hire Cumbria.

Finance help available subject to status.
